

Medical Supply Driver

Each year, Esperança is able to send a 40-foot container packed full of donated medical supplies to the developing world. These donations are used by local health professionals, as well as by our own volunteer surgical teams to change the lives of poor through operations and medical services. All of the medical supplies are donated from business and individuals in the Phoenix metropolitan area and other states in the continental United States.

Volunteers are needed to deliver boxes of medical supplies to our partner located in Tempe, Az. Volunteers will load boxes from our Esperança office into our partner's provided vehicle, deliver the boxes to the partner's office and unload them. Volunteers will need their own transportation to pick-up the partner's provided vehicle but not to transport the medical supplies.

Location: Volunteers will drive between Esperança's office located at 1911 West Earll Drive, Phoenix, Arizona 85015 and our partner's office located in Tempe.
